OUR VALUES – CARES

OUR INTENT – WHAT WE AIM TO DO

To develop and further enhance an interest
and thirst for other languages.

To build children's confidence in the
essential skills of speaking and listening,
reading and writing in tandem with key
phonetic and grammatical knowledge.

To introduce the learning of a new language,
and understanding of its culture, in enjoyable
and stimulating ways.

To offer an opportunity for children to explore
the relationships between language and identity.

To allow our children to develop a deeper
understanding of other cultures and the world
around them with an increased awareness of
self, others and cultural differences.

OUR IMPLEMENTATION – HOW DO WE ACHIEVE OUR AIMS?

LANGUAGE
ANGELS

At St Stephen's, Spanish is formally taught in Key
Stage 2. We use 'Language Angels' as a progressive
scheme of work to deliver high quality Spanish
lessons that are relevant, broad, vibrant and
ambitious.

Spanish is taught weekly in all Key Stage 2 classes
through a mixture of listening and speaking
activities, reading, written tasks and games.
Children progressively acquire, use and apply a
growing bank of vocabulary, language skills and
grammatical knowledge around age-appropriate
topics and themes – building blocks of language
into more complex, fluent and authentic language.

Children listen to and learn about Spanish music,
stories, traditions and authentic resources which
bring the language and culture to life!

Language Angels units are categorised by
'Teaching Type' to ensure that units
of work offer the appropriate level of
challenge and stretch, inclusive to all
children.

● **Early Language Units** – for Year 3 or
those new to Spanish.

● **Intermediate Units** – taught across
Year 4 and 5.

● **Progressive & Creative Curriculum
Units** – taught in Year 6 or for pupils for
whom Spanish may be a first or
additional language.

OUR IMPACT – HOW WILL WE KNOW WE'VE ACHIEVED OUR AIMS?

When our children leave St Stephen's in Year 6, they
will have a thirst for language learning and want to
continue to study Spanish (or additional languages)
at high school.

An increased amount of children will achieve
age related expectations in Spanish.

At the end of Year 6, our children will be able to
converse confidently and hold a short conversation
and read and write short pieces of writing in Spanish.

Our children will increase their self confidence and
awareness and develop conversation skills that will
prepare them for life after St Stephen's.

Our children will develop an understanding of other
cultures and become global citizens with respect
and empathy.

OUR IMPLEMENTATION – CONTINUED

GRAMMAR
